Practice

In order to improve the skills of the students, boosting their self-confidence and making them independent, the Dept. of Fashion Designing, S.D. S.D. COLLEGE

HOSHIARPUR

SANATAN DHARMA COLLEGE HOSHIARPUR designing lab. The students also use discarded items, use plastic items to develop attractive pieces of art.

Challenges

Although these programs were concluded with massive success, yet we have to explore the outer world for suitable customer base. Some conventional items like traditional rope-laying (making of rope) or preparing baskets with mulberry branches need expert assistance. But it is very difficult to find such traditional artisans who can teach our students all these items. However, our dedicated team of Earn While You Learn leaves no stone unturned to enhance the skills of the students.
