Subject: Proposal for fee for various Courses

Respected Sir,

We request for revision of fee structure from present to proposed figures.

1. The revision has been proposed looking into the fee structure of other colleges and after making a comparative chart. Secondly, during Covid-19, many people have suffered economically (lost job/Salary cut/Business loss/ loss of earning hand, etc).
2. The college proposes slabs for fee structure to encourage spirit of sports among students. To which in addition, management may provide for diet, uniform, equipment, etc. accordingly. Also if management wishes to contribute more to the upliftment of sports students such incentives may also be provided.

Annexures are attached herewith.

Mr. B N Thaper raised objection 14% student answered that only 30% syllabus was covered in the class while more than 60% students answered that more than 70% syllabus was covered. There is high variation in answers. MR. Sachin Kumar informed IQAC that this point was noticed by Principal sir also and had ordered for further investigation and when investigation was done from the student it was pointed out that the students answered question considering syllabus covered in running semester not last semester, as the feedback was collected in the month of February so by that time teachers covers 25-30% of syllabus. Student representative Mr. Prabhav and karishma also affirmed the same thing and informed IQAC that in classes mostly 100% sylabus is covered by teachers. IQAC suggested that there should be change in question and it should be asked from the student what percentage of syllabus was covered in last semester. Mr. Sethi assured that this change will be implemented in next years feedback forms.

Regarding teacher feedback most of the teachers had given very good feedback about college.

Regarding employer feedback most of the employers had given rating from good to very good. to our students who are at present working for them.
